Each team must provide at least two responsible adults or youth leaders to assist with the project bowl as a scorekeeper (board or paper), timer, runner or door monitor during the matches that your team participates in. If you do not provide two, your team will not be able to participate. Please remember that these volunteers help the contest run more smoothly.

Scorekeeper (required)

Timer/Door Monitor/Runner (required)

Questions/Answers at Regional Bowls and the State Bowl

I promise that I have not received information on the contents of the questions and/or answers used in other Regional Project Bowls this year. I understand that evidence of an exchange of such information could result in immediate disqualification from further competition for any team/individual involved. I further understand that if our team qualifies for the State Project Bowl, that I will not, on contest day, receive information on the questions and/or answers used in previous matches at the State Project Bowl. Again, I understand that exchange of such information could result in immediate disqualification from further competition for any team/individual involved.

Regional Bowl Protocol

I understand that some of the questions used in a Regional Bowl may be used in other Regional Bowl contests and may, similarly, be used in the other category (junior vs. senior). With this in mind, I agree that I will not discuss the contents of the Regional Bowl questions and/or answers with participants from any other team – either junior or senior. I further agree not to discuss the Regional Bowl questions and/or answers with those who could be connected with other teams that have not yet participated in a Regional Bowl. I understand that if such discussions can be traced directly and negatively back to me, that I and/or my team could be disqualified from further competition.

State Bowl Protocol

I understand that questions used in each round of the State Bowl are duplicated for each match within that round and likewise some questions may be duplicated in the other category (junior vs. senior). With this in mind, I agree that if my team qualifies for the State Bowl, I will not discuss the contents of the State Bowl questions and/or answers with participants from any other team – either junior or senior – until the contest is completed and all winners are announced. I further agree, should my team qualify for the State Bowl, not to discuss the State Bowl questions and/or answers with those who could be connected with other teams competing – either junior or senior. I understand that if such discussions can be traced directly and negatively back to me, that I and/or my team could be disqualified from further competition, awards and any national trips offered.

Facilities

I understand that the facilities used for all Regional and State Bowls are rented. In accordance, I commit to respect the property being used. I understand that if I demonstrate poor behavior at the Regional or State Bowls – including but not limited to destruction or theft of property, opening lockers, running in the halls, etc. – that my team and/or I may be immediately eliminated from further participation and may not be eligible for awards and any national trips offered.

Appropriate Dress

I understand that this is a 4-H state competitive event and that I am representing my 4-H club and my county. Accordingly, I agree to wear clothing that complements the event and is not offensive to others participating.
