

Planning Tool: Plan the Worst Event in 4-H History

Fill the top half of each shape with a specific strategy for making sure your event is a failure.

After discussing the worst event ever, write down the opposite of what you wrote in the top to ensure that your event is a success.

A large circle divided horizontally into two equal halves by a single line.A large circle divided horizontally into two equal halves by a single line.A large circle divided horizontally into two equal halves by a single line.
